Work experience

2021->
McDonald's Finland, Rauma and Tampere Jäähovi
Restaurant worker

As a restaurant worker I have gathered plenty of customer service experience in Finnish and English. Due to international workspace I have also plenty of experience working in international teams.

Other experience

2025
University of Tampere
Course work on usability of Puuilo website

On the course I did an expert evaluation on Puuilo website and later conducted a usability research as a team, partially using eye tracking as a part of the research.

2025
University of Tampere
UI/UX designing as a part of a course work

On the course we designed an application in Figma as a team mainly focusing on usability and UI/UX design.

2026
Tampere
Designing and creating an ERP for the city of Seinäjoki

I was in charge of the UI/UX design and implementation with Power Apps, and creating the database with Dataverse.

2025->
Tampere
Social media/ graphics designer of a university sports team

Gained experience in visual designing and social media.
